

Change Network Attendance

Top three things you *never* want to hear from staff:

- 1) Nobody told me...
- 2) I didn't think it applied to me...
- 3) I wish I had known...

How to avoid creating an information vacuum:

- Attend the AIMS Change Network sessions
- Cascade information to others
- Share information during huddles or other opportunities
- Post the AIMS bulletins
- Support others who are representing your area as either Department Contacts or Advanced Users

Please join us for the next SHA Change Network sessions on November 12 and 13, 2019 and for the Health Partners and Affiliates Change Network sessions on November 14, 2019.

We are looking forward to having you there!
